**DEVELOPMENT OF WEEKEND/HOLIDAY RESIDENTIAL SCHEME ON PORTION 6 OF
3 OF THE FARM BOSCHBANK 12, DISTRICT OF PARYS**

Your request for extension of the RoD (EM1/1m/03/175) refers.

We noted the following from your request:

1. Construction of the said development has not commenced within the time period as indicated in the RoD. However, groundwork's and construction of fencing has already started and within the time limit as indicated in the RoD.

Based on the above the Department of Tourism, Environmental and Economic Affairs is of the opinion that construction of the said development has indeed commenced. Request for extension is therefore not required. The RoD (EM1/1m/03/175) is therefore still valid.

If there is any uncertainty pertaining the above please contact the Department for clarity.

Yours sincerely

Me. G. Mkhosana
Deputy Director: Environmental Impact Management

Subject: Vaalriver - Extension of ROD
Attachments: Extension of Rod.tif

To all,

Herewith a letter as received from the Dept of Tourism, Environmental and Economic Affairs, Free State Province, confirming that we do not need an extension of RoD.

We now only await confirmation of right of way and SDP approval in order to commence with the works on site....

Ilse
